

Process Book 2

Brief summary

I think books play an essential role in our daily life. When it comes to a visual interpretation of the books, the first things that came to my mind are fiction books. The visual fiction is designed for the readers to visualize the story and make it memorable for themselves. After looking at the books in the library, I think the book that stood out to me is the books of crossroads, where the author added texture on individual pages and try to cover the entire page when the reader is turning the pages. And that's why I had selected the Disney movie Tangled. I think this movie has changed the imagination of kids to what they had read or watched in prewise fairy tale stories like Rapunzel. For this movie, The only typeface that comes into my mind is Bondoni. This type has extremely softened curves that can correlate to Tangled movies.

To conclude, the person who read books never feel lonely or bored but can render knowledge. Reading books makes one confident, and this reflects the personality of the individuals. But the only depends on the way how novels are built and what makes it unique to cause people read them.

Flower gleam and breeze,
let your **power** shine
Make the clock reverse,
bring back what was **mine**
What once was mine

You coming, Blondie?

Look at the world so close, and
I'm half way to it

Look at it all, so big do I even dare?
I just have to do it. Should I? No.
Here I go. Just smell the grass, the dirt.
Just like I dreamed they'd be.
Just feel that summer breeze.
The way it's calling me.
For like the first time ever,
I'm completely free.
I could go running, and racing
and dancing.. and chasing, and leaping
and bounding, hair flying, heart pounding
and splashing and reeling
And finally feeling. Now's when my
life begins.
